CONSTITUTION OF THE IEEE SENSORS COUNCIL

ARTICLE I NAME AND PURPOSE

Section 1. The name of the organization constituted herein shall be the IEEE Sensors Council.

Section 2. The purpose of the Council is to advance and coordinate work in the field of Sensors carried out throughout the IEEE and as such is exclusively scientific, literary and educational in character. In furtherance of the foregoing, the Council may sponsor IEEE Sensors related conferences and conference sessions, publish appropriate periodicals, sponsor IEEE Press publications, maintain an IEEE Sensors website, and engage in any other activity within its field of interest. All such actions must be in consonance with the Constitution, Bylaws, and Statements of Policy of the IEEE, and the field of interest of the Council, as defined below. The Council shall exist for the benefit of the member societies and will not evolve into a Society. The goal of the Council is to expand the IEEE's role in sensors, not to usurp the societies' sensor activities.

ARTICLE II FIELD OF INTEREST

Section 1. The fields of interest of the Council and its activities shall be the theory, design, fabrication, manufacturing and application of devices for sensing and transducing physical, chemical, and biological phenomena, with emphasis on the electronics, physics and reliability aspects of sensors and integrated sensor-actuators. Changes to the fields of interest may be made with the approval of the IEEE Technical Activities Board.

ARTICLE III MEMBERSHIP OF THE COUNCIL

Section 1. The Council shall be composed of IEEE Societies that have demonstrated a strong interest in Sensors and are supporting technical activities in the field. These Societies must agree to share the responsibility for all obligations of the Council, including financial obligations, in accordance with this Constitution and the Council Bylaws.

Section 2. Each new Member Society must be approved by a two-thirds affirmative vote of the voting members of the Council AdCom, and by the IEEE Technical Activities Board before it may join the Council.

Section 3. If a Member Society does not have any representative present at any of the Council AdCom meetings held during a calendar year and is inactive in Council affairs, the Member Society may be dropped from Council membership. Notice of such proposed action shall be given to the President of the delinquent Society at least twenty days before the Council AdCom meeting where such action will be considered. Such action must be approved by two-thirds of the AdCom members present and voting and by the IEEE Technical Activities Board before it becomes final.

Section 4. The Officers of the Council shall be as follows: President, the Immediate Past-President, the President-elect, the Senior Past President, the Vice-President for Technical Operations, the Vice-President for Conferences, the Vice-President for Publications, the Vice President for Finances, the Secretary-Treasurer, all serving as the Council's Executive Committee, and all serving as ex officio voting members of its AdCom (Administrative Committee).

Section 5. Council business will be conducted by its AdCom that shall include both voting and non-voting members. The voting members shall be:

When a Member Society representative is elected to a Council office, the Council office shall take precedence over the Society appointment, and any resulting vacancy(s) shall be filled promptly by the appropriate Society.

Section 6. Each representative and officer on the Council must be an IEEE member and a member of one of the Member Societies of the Council.

Section 7. The term of office of a Member Society representative on the Council shall be two years, renewable for one additional term. Societies assigned an even number for accounting purposes shall have their representative's term begin in even years, and societies assigned an odd number shall have their representative's term begin in odd years. An unexpired term filled for more than six months shall count as a full year. A new society representative shall be appointed to replace those serving four consecutive years. However, in exceptional circumstances society presidents may request to reappoint a representative for additional 2-year terms, subject to approval by majority vote of the Sensors Council AdCom.

Section 8. When a within-term Council representative vacancy occurs, the Council President shall request the appropriate Society to appoint a representative to complete the unexpired term.

Section 9. The non-voting ex-officio members of the Council AdCom will be:

Section 10. Any other IEEE Society that is not a member of the Council may send a non-voting liaison representative to attend for the purpose of establishing lines of communication between the Council and the parent Society represented.

Section 11. The term of office of a Member-at-Large of the Council shall be two years. No Member-at-Large shall serve more than four consecutive years. The term of office of a Senior Member-at-Large of the Council shall be two years. No Senior Member-at-Large shall serve more than four consecutive years.
